Newly Elected Officers Of Interact Club

Elected as officers for Belle Glade's recently organized Interact Club are Bill Miller, president; Michael Shriver, Vice President; Tony Latour, Treasurer; Pat Brown, Secretary; Harold Zump, is sponsor representing Belle Glade Rotary, the parent organization, and Fred Stevens is sponsor from Belle Glade High School.

Glades Farmers Gag When They Face Wirtz's Pill Of Controlled Socialism

The administration has sent thousands of Marines to Santo Domingo to prevent communists from securing another foothold on the American continent.

The Administration sent ONE befeuddled impractical do-gooder, with several of his underlings, intermittently, to the Glades to administer a comparatively small dosage of controlled socialism — complete dictation by Washington.

His reference to the unorganized state of migrant labor and farm harvest means his insidious, so-called welfare state, after the good offices of the President's Great Society and suggested munching at the table of the poverty program, all these point to a master double-decked concentrated final dose of controlled socialism, which is the basic requirement of Communism.

The millions of dollars Wirtz's arbitrary action is costing the Glades and the State of Florida, is the price being paid for not registering, not voting and indifference towards "give-away" programs of the Washington Bureaucrat and dictatorship.

Thousands of crates of crates remain uncut in the fields of the Glades, thousands of crates of sweet corn are subject to the same fate within the next three to four weeks.

Unusual tactics, begging labor to CUT celery, raising of wages offered, will fail Glades farmers when they attempt to harvest celery with domestic labor.

Pulling corn creates the same aversion to domestics.

Our own State Senators and Representatives have pointed out to us since the opening of

the Legislature in Tallahassee, that agriculture is suffering from malnutrition of legislative action, especially in constructive financial support, even in our own state government.

There were 16,000 acres, or about 5,000 acres of corn to be cut in the Glades, on May 1st, there were approximately 3,500 acres of celery, or 4,500 to 5,000 acres at the same time.

Reliable estimates are that not more than 40 percent of the celery ready for harvest has been cut since Mr. Wirtz gave the off-shore laborers a vacation.

There's been very little corn ready for harvest, with the real push coming next week, and there has been trouble getting that little harvested.

The rail movement, as reported by Commercial Agent Ho-

PB Delegation Endorses Proposed Road Bond Deal

At six pm THE HERALD received information that the Palm Beach County Delegation, except possibly Reed, after an hour's session with the Governor, agreed to endorse the road bond program.

"By holding out, we were able to secure the clarification of several objectionable features," says Representative Roberts. "And we are sure of a high priority for State Road No. 80, especially as there is a 200 feet right-of-way from Six-Mile Bend to Twenty-Mile Bend. This appears to be the only possibility of securing the improvement of this dangerous highway and lessen the loss of life."

Senator Thomas, Representatives Davis and Baisalis and I are agreed, as is County Commissioner Lytle, that the county has benefited greatly by the conference with the Governor."

"It Can't Happen To Us"

Our President has made a big show of sending the Marines to Santo Domingo to "prevent a take-over by communists," in this hemisphere.

Most people applaud the President's action and admire his expressed determination to prevent another Cuba.

However, whether by his direct orders, or by acquiescence, the Administration in Washington was represented by ONE man — the Secretary of Labor — in a most effective drive to administer the bitter pill of "Controlled Socialism" to celery, corn and sugar farmers in the Glades.

How much of this campaign is to placate organized labor, for the Secretary insists that labor is not represented; how much is due to the Secretary's desire to promote the "Great Society" and the "Poverty Program" of the Boss — whatever the real purpose, is a matter for individual conjecture.

Certainly hundreds of farmers, business men and some labor organizations have told the Secretary that his "do-gooder ideas" are impractical.

Socialism is the foundation of idealistic communism controlled socialism dominates Moscow.

Mr. Wirtz' controlled socialism is a fair running mate of the Administration's "do-gooders" the Great Society and the Poverty Program.

Whenever you — as an individual or a group — nibble at the open pocketbooks of YOUR and MY tax dollars with the expressed contributions and cooperative participation of "grants" — contributions and cooperative participation from Washington, you are nursing the octopus capitalism of Moscow predicted, and greed for values is activating.

Glades Hazardous Roads Included In Planning

Permanent four-lane, in three directions to west, south and east of US No. 27, 441 and State Road No. 80 appear to be under construction (SR No. 27) from South Bay to Clewiston, planned for letting in June (road guards for 22.5 miles in the Glades), and/or included in plans for 1966 commencement (the bond issue proposed by the Governor).

Ralph Davis, Executive Director of the State Road Board is the source of information by phone and telegram to THE HERALD.

The cost of the guard rails is estimated at a figure that calls for competitive bidding under the Road Board's regulations.

Downtown South Bay takes on a more impressive air with the addition of a long row of brilliant double arm street lights running the length of the business section from the square to beyond Pappy Denton's home on the north. Sidewalks and curbing have been laid from City Hall to the Paddock House. The meridian is being graced and "prettied up."

New homes have been added steadily during past months and businesses are expanding to keep pace with the growth.

Roberts Treads Softly With Knowing Experience

By Emmett S. Roberts

The Big story developing this week in the Legislature is the 300 million dollar road bond program proposed by the Governor. Opposition increased over the weekend when opponents pointed out interest costs of 112 million plus fifty percent of the right of way costs together with other inequities in the bill.

I want to advise that today I had a conference with Mr. Chelise Smerchia, the road construction committee member for District 1. Mr. Smerchia clarified several questions regarding the roads that are to be four-lane in Palm Beach County — Until I am absolutely assured that the road from South Bay to West Palm Beach will be among the first constructed and that we will not have to wait three to five years I shall not sign the Bill.

Our delegation met with the Palm Beach County Commissioners Wednesday in Tallahassee on this matter to assure ourselves that the proposed road from Palm Beach County will enjoy a high priority. At this time I can report the results of this meeting.

I have learned by experience that in this area of politics one has to be sure that legislation of this type leaves no loopholes. I do not say this as any criticism of those proposing this legislation but they may not be the ones who eventually would build the road or have the final word.

Jim Graham is the new Finance Officer; Guy Wilson, Chairman, and Lawrence re-elected as Chairman.

Serving on the Executive Committee will be Jesse Motte and Richard Burns, for a one year term; Milton Giese and Vern Clark, two years; Cecil Bair and Robert Tilley, three years.

Installation will be held early in June, following the State Convention in Tampa this month.

so the Chairman ordered haste in preparing for acceptance of bids.

Mr. Davis assured us that the \$300 million road bond issue will have its proposal spelled out in the constitutional amendment

"from point to point" but not as to mileage and estimated cost.

Included in the Board's figures, on which is based the brochure issued by the Governor's office, are the following items,

Guard Rail Bids Asked For Opening on May 26

Glades roads of Palm Beach County are the major beneficiaries of a definite plan to place 23.38 miles of guard rails for protection from the roadside canopy, with bids advertised on May 6th, through, for opening on May 26th.

State Road No. 84 (FL Highway No. 27) is scheduled for one mile, from the Davie Road east.

US No. 441, from Six-Mile Bend to Twenty-Mile Bend, approximately 8 SR 700, northwesterly for approximately 6 1/2 miles from State Road No. 80

Lions' Barbecue Saturday, May 8

The Lions' Club Annual Fund Raising will be held Saturday, May 8, in the High School Cafeteria, from 3:00 o'clock until 8:00 o'clock. Tickets will be obtained from any of the Lions members. The public is urged to attend, as this is a very worthy fund raising project, a Lions spokesman stated.

Another gala event, which promises to be a highlight of the season, is the Annual Ladies' Luncheon, which will be a "supper and three-hour show" at the Paddock House, a newly launched bistro, in West Palm Beach, on May 15th.

and education will be blanded. I am opposed to making currency the "whipping boy" for tax increases and hope in 1967 the legislature will realize what has happened.

Pellon Morris, Principal of Belle Glade High School, on behalf of the Faculty, has published a complimentary to the students on their conduct of the Junior-Senior Prom and the activities connected with it.

Mr. Morris says: "This was the most orderly, well behaved and properly conducted series of affairs we remember, to include the Junior-Senior Prom and affiliated activities. The Student Body is deserving of the highest praise for their own planning and efforts before hand and during the activities, a determination was evident among the Student Body to have it all."

This tribute was paid the Belle Glade High School students by Mr. Morris, Monday following the weekend activities connected with the Prom.

Class officers, as well as officers and leaders of the several groups among the Juniors and Seniors, apparently have taken seriously recent law violations which have near two dozen low teenagers involved with police.

To prove to the public that "bad teenagers" are involved, either in the acts themselves or in the mental attitudes that lead to such "dance of custom and the law, definite steps have been taken to contribute to restoration of damage, as well as to assist in planning against similar acts in the future.

The Interact Club, sponsored by Rotary with the cooperation of the City Commission and the Faculty and school leaders, appeared at the last meeting of the City Commission to offer to assist in cleaning up the debris of the burned Club. The school will contribute to replacement of the piano or some

according to the Board's Director, Mr. Davis.

US No. 27, South Bay to the Broward County line 22 miles to cost \$2,083,000 with half right-of-way estimated at \$239,000.

US No. 441, south from State Road No. 80 to Broward County line 24.2 miles costing \$5,545,000 and right-of-way \$550,000.

"This totals \$18,529,000 construction cost with right-of-way amounting to \$1,789,000, for the county."

Brown Farm Road To Be Resurfaced

A resolution asking the State Road Department to resurface Brown Farm Road (SR 827) situated 11 miles from Six Mile Bend was passed by Palm Beach County Commissioners at their Monday meeting.

Commissioner Bud Weaver said he has assurance from SRD member Chelsea Smerchia that they will go ahead on this project. Weaver and PBC Engineer George Frost met with Senator Davis and Chief Engineer Clarence Davidson of District 4 State Road Department in a conference in Miami Monday and made the request for resurfacing of the Brown Farm Road, which has been plagued in previous planning.

Two years ago 27 persons were killed in a single accident on this narrow-shouldered road when a pickup-lorry bus collision plunged the bus loaded with workers into the canal as they were returning home from work.

Let us hasten to thank Jack Ladden also.

Let us not forget, however, that a Glades Committee on Canal Hazard, promoted by the Belle Glade Chamber of Commerce, and composed of members from South Bay to Canal Point, including Pahokee and Belle Glade, has played a little part in bringing this hazard to the attention of legislators, the County Commission and the Governor's office.

Then too, effective efforts have been evident by Representative Emmett Roberts when he arranged an appearance of Chairman Henry Woodward of the Hazard Committee before the Legislative Council in West Palm Beach — and most effectively.

The Governor, himself, has played no little part when he announced his firm determination to "do something" and followed up by giving instructions to the Chairman of the State Road Department to follow the matter up.

The community thanks everybody, including Safety Officer Hodges for a determined pursuit of the matter to this effective stage in protection of lives.

Others attending the meeting were Al Kretschmer, Indian River Field Laboratory and Elva Hodges, Range Cattle Station, Opa.

item of furnishing.

In a speech by Principal Morris to the Student Body to train from protecting individualism, Mr. Morris said: "It is a running wild, as well as to set an example for the less fortunate, brought 'amazing results' according to the Principal."

Not as informers, but as group members interested in preventing acts not becoming to high school students, numerous re-

ports have come to the Principal of unruly violations as well as those being discussed or planned.

Personal influence with those whose attitudes indicate possible participation in pranks that turn out to be serious, the Principal feels, has been effective.

Suggestions are coming from various organizations within the student body as to help adults, the Home, as well as

Red Tag - Danger On Garbage Cans

"We have been working along with the public in an effort to secure compliance with the City's ordinances which specify the size of garbage containers that may be used on a residence or business," says City Manager Hugely.

"However, we have begun to place red tags on those which do not comply, and must insist that the ordinance be complied with; red-tagged containers are not secured, then there is nothing left but to cite the owners for appearance before the City Judge."

"Many have complied, who before had used makeshift cans, and we hope we will have cooperation from the others."

According to the contract with the garbage collectors, they may not be forced to collect garbage in the illegal cans, but will continue for a while until we can secure compliance, continued the City Manager.

R. J. Allen Elected State Coordinator Of Project No. 1167

Dr. Robert J. Allen, Jr., assistant agronomist at Everglades Experiment Station was elected coordinator for project No. 1167 (introduction and evaluation of Agronomic crops for pasture, forage and other uses in locations throughout the state, at a meeting of pasture and forage crop workers held April 20-21 at the West Florida Experiment Station, north of Pensacola.

Others attending the meeting were Al Kretschmer, Indian River Field Laboratory and Elva Hodges, Range Cattle Station, Opa.

Plans call for a minimum of 50 feet between the road slope and canal, a leveling course and finish course, Weaver said.

he City, may give to keep the teenagers constructively occupied.

To demonstrate their purpose, the Interact has begun a program of car washings, the first of which was held at the Everglades Federal Savings and Loan on last weekend.

Future car washings will be publicized and the public is invited to patronize these boys' efforts.

Future car washings will be publicized and the public is invited to patronize these boys' efforts.

Belle Glade's youngsters enjoying the municipal pool and swimming as indicated by the crowd on Sunday afternoon. City Manager Hugely informs us that the attendance is increasing weekly, since the recent opening. The school uses the pool during school hours, with the public invited on weekends until the close of school.

Smith-Hudspeth Vows Exchanged

A luncheon honoring Miss Gloria Miriam Smith, bride-elect of Ronald Wade Hudspeth, and her attendants was given Saturday, May 1, at 12:30 p. m. at the Thibault residence, 816 Northwest 4th St., Belle Glade, Florida. Mrs. Thibault was assisted in entertaining by Mrs. Harold Gilbert of Belle Glade.

A lovely bouquet of pink Royal Highness rose buds arranged by Mrs. Mills Byrom decorated the bride's table. A gardenia marked each luncheon setting which had a white and silver placecard decorated with a souvenir wedding ring tied with a mint green ribbon which were the colors that predominated in the bride's wedding. The honoree presented each of her attendants with a beautiful string of pearls which were worn that evening as a part of the wedding apparel.

The guests included: Misses Linda Berger of St. Petersburg, Kathy Harrell of Tallahassee, Catherine of West Palm Beach, Linda Robin, Kay Gilbert, Allen Ann Smith, Jo Ellen Hudspeth, Kathryn Ann Smith, Mrs. George Hudspeth, Mrs. John Dulany, Mrs. S. K. Smith, Sr., Mrs. S. K. Smith, Jr., and Mrs. Cynthia Jane Thibault of Belle Glade and the great-grandmother of the bride, Mrs. Calvin Shive of Pahokee, Florida.

MRS. RONALD WADE HUDSPETH

In a Saturday, May 1 ceremony at Community Methodist Church, Miss Gloria Miriam Smith became the bride of Ronald Wade Hudspeth.

The bride is the daughter of Mr. and Mrs. Sydney Kittrell Smith, Jr., 125 N. W. Ave. E. The bridegroom is the son of Mr. and Mrs. George Wesley Hudspeth, 232 Royal Palm Way.

The Reverend W. B. Boland, pastor and Mrs. Miriam L. Dulany, grandmother of the bride performed the 8 o'clock p. m. ceremony before an altar decorated with arrangements of white calla lilies, flanked by two nine branched candelabra holding long white tapers encircled with Southern Smilax. Two large baskets containing white mums, white pompons and white gladioli graced each side of the altar. The new candelabra were the bride, decorated with garlands of Smilax and white roses. The bride and groom were marked with arrangements of white Shasta daisies and Smilax.

Miss Gladys Corbin, organist, played traditional wedding marches and various nuptial numbers, and accompanied soloist, Milton O. Carpenter, cousin of the bride, with "The Prayer Perfect" by her father, the bride wore a formal gown of white slipper satin. The bodice was designed of Alencon lace with a boat neck line, elbow length sleeves and self-covered buttons down the back.

A feature of the front skirt was a large panel of re-embroidered Alencon lace. The back skirt was designed with a pleated bustle which topped with a small bow, grace length veil of French illusion full of leaves embroidered with seed pearls and white gloves and carried for something old, an exquisite handkerchief of drawn-work lace, and something new, hand made by her great great grandmother. Her bouquet was a cascade arrangement of white phalaenopsis orchids, lilies-of-the-valley and Smilax.

ATTENDANTS WEAR WHITE AND GREEN

Kathleen Jane Smith was her sister's maid of honor. She wore a gown of white eyelid embroidered organza over mint green tulle, designed with a fitted bodice, round neckline and short sleeves. The floor length bell shaped skirt was fashioned with two tiers. Her matching eyelid headpiece covered with white Shasta daisies held in place a nose veil of mint green tulle. She carried a

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read 1 John 2:1-14

He that saith he is in the light and hateth his brother, is in the darkness even until now.—1 John 2:9.

Members of a devout and devoted family were not experiencing the real joy and satisfaction from their life that they thought was possible.

Each day they would ask the Lord, in prayer, to make them more aware of the needs of others in the world. Yet even this unselfish petition did not yield them peace of mind or satisfaction.

One day they discovered the reason for this. They were sympathetic and kind of the needs of others in the world, and this was commendable. But they were blind to the needs of those closest to them, their own family.

If we are going to witness for Christ, we must first have Christlike regard for members of our own families.

PRAYER: Our Father God forgive us if we have such an unbalanced interest in ourselves and our families that we have no thought or interest in helping others. Forgive us if we have concern for others to the neglect of those nearest and dearest to us. Help us to live that our lives may be an influence for good to all people. For Jesus' sake. Amen.

THOUGHT FOR THE DAY

If enough homes become Christian, the world becomes Christ.

Episcopal Church To Consider Over Million \$ Budget

The Episcopal Diocese of South Florida will hold its 43rd Annual Convention in Orlando, Fla., May 11-12th.

Delegates to Convention will consider over a million dollar budget. The budget includes: the administration of the Diocese, the program of the Diocese and the Diocese's contribution to the National Church.

One of the major efforts of the Episcopal Church of South Florida, and being the establishing of new churches to serve the growing population, and the development of social service programs. The Episcopal Church in South Florida has assumed a major responsibility for the assistance of Cuban refugees and is now developing total urban programs, particularly in the Miami area under the leadership of the Rt. Rev. James D. Saffragan, Bishop of South Florida.

Sunday School Group Enjoy Outing At Rainbow River

Leland Plank, teacher of the Intermediates at the Methodist Church took the class and friends to spend the weekend at the Hemphill Place at Rainbow River.

It was cool early in the mornings, but there was quite a lot of swimming done. The water was beautiful and there were enough tubs for all to float down river. Of course they had to walk back, but no one seemed to mind.

Among those attending were: Gail Royal, Mary and Glenda Byers, Audrey Mathis, Juanita Henderson, Linda and Joy, Sherry Lee, Bonnie Mathis, Martha Lynn and Molly Thomas, Norma Jean Rogers, Cathy Connors, Tommy Reese, Mrs. John D. Hemphill, Flinn and Allison Plank.

At the evening service, Rev. Boland's sermon topic will be "The Family Bridge."

First Baptist Church, South Bay To Recognize Mothers At A. M. Service

The First Baptist Church of South Bay will recognize mothers on their day, Sunday, a. m. at the regular service. James Fenton pastor will speak on the sermon subject "The Great Responsibility of Motherhood."

During the service lovely covers will be presented to the oldest mother, the youngest mother and the mother with the largest number of children present at the service.

At the evening service, Rev. Fenton will speak on "Fellowship in the Furnace." Daniel 2:1-30.

Mothers Are Given Special Privilege, And Responsibility

By Lewis Llewellyn

"My son, keep thy father's commandment, and forsake not the law of thy mother... For the commandment is a lamp and the law is light... and reproofs of instruction are the way of life."

Mothers have a special responsibility and a special privilege in the rearing of their children.

MOTHERS' PRIVILEGE

They have a special responsibility to bring up their children in the nurture and admonition of the Lord. They have a special privilege to lead them into eternal life, as they have given them physical life.

Children have a special love for their mothers, though they do not always heed their admonitions.

Trouble comes to young people when they forsake the law of their mothers and walk in the ways of disobedience. Many a heartache would have been avoided if the children had obeyed their parents' commands and heeded their mothers' advice.

First Communion St. Philip's Church

On Sunday, May 9 fifty-two children will receive their First Holy Communion in St. Philip's Church, Catholic Church at 10:30 a. m. Mass, Sister Priscilla and Sister Loretto, Our Lady of Victory Missionary Sisters, have directed the preparation of the children during the current school year. Among those who assisted the Sisters are: Antonio LaTour, Mrs. Edward Zwicki, Mrs. Andrew Bugliosi, Mrs. Julio Perez, Karen Dexter and Irene Ashley.

Philip D. Lewis Will Speak May 11 To Altar Society

The monthly meeting of St. Philip's Altar Society of St. Philip's Catholic Church will be held Tuesday, May 11 at 8 p. m. in the Parish Hall.

Guest speaker at the meeting will be Mr. Philip D. Lewis, president of the Diocese of South Florida. He will speak on the subject of "The Priesthood of the People." Mr. Lewis is a member of the Diocese of South Florida and has been a member of the Knights of Columbus.

All the ladies of the society are urged to attend and may bring guests. Holy Name members have also been invited to hear the speaker.

Local Catholic Women Attending Annual Convention Diocesan Council

The spiritual leader of over 60,000 Catholics in the State of Florida, the Rt. Rev. Henry I. Louttit, D. D., will, on Tuesday, May 11th be honored at a testimonial dinner on the occasion of the 20th anniversary of his consecration.

Bishop Louttit was elected Suffragan Bishop of the Episcopal Diocese of South Florida in 1945 when he was serving as a chaplain in the United States Army. He became Bishop of the Diocese in 1948. He has continued his concern for the armed forces by acting as Chairman of the Armed Forces Division of the Episcopal Church in the United States.

Bishop Louttit is considered to be one of the outstanding leaders of the Episcopal Church in America and has a reputation of being one of the nation's top preachers.

Some 1,200 delegates to the 43rd Convention of the Episcopal Church in South Florida, and the Annual Meeting of the Episcopal Churchwomen are expected to attend the testimonial dinner to be held in Orlando, Florida. Three Bishops, close associates of Bishop Louttit, will be guest speakers at the dinner.

Bishop Stuart of the Diocese of Georgia, Bishop Claiborne of the Diocese of Atlanta, and Bishop Warnecke of the Diocese of Maryland.

Prayer

Hold the soul drawing near to God, And when the soul draws near to God, the ground beneath our feet becomes holy ground, and the commonest bush is flaming with the presence of God.

The soul needs no ritualistic paraphernalia nor logical process to find a way to God's ear and heart. It may be on the street, or in the quiet of the closet where the ladder drops from Heaven to earth.

GLADES CHURCH NEWS.....

MAY 6, 1965 THE HERALD, Belle Glade, Florida 3A

voided if the children had obeyed their parents' commands and heeded their mothers' advice. Children must learn obedience to their mothers and fathers, for they are insecure and unhappy without firm guidelines for life. Though all children will test the limits of their parents' patience and often will insist that their mothers are too strict, the very children who rebel most may be the ones who most need firm control and loving discipline.

Delinquents — not all from underprivileged homes — are young people who have failed to learn obedience to proper authority and respect for the rights of others.

The Bible says, "Withhold not correction from the child, for if thou beatest him with the rod, he shall not die."

This does not mean that children should be beaten till there is danger of physical death. The next verse makes the meaning clear. It says "Thou shalt beat him with the rod and shalt deliver his soul from hell." Proper discipline will keep the child from taking the path that leads to eternal death.

If mothers — and fathers — will punish their children when they need it, very little physical punishment will be required in the majority of cases, and untold misery, later in life, will be avoided.

WILL CALL HER BLESSED

Perhaps especially applicable to mothers are the words of the Bible in the book of Proverbs,

"Favor is deceitful and beauty is vain, but a woman that feareth the Lord, she shall be praised."

Of such a woman, it is said, "Her children shall arise up and call her blessed — her husband also, and he praiseth her."

Proverbs 3:20, 23.

"WHO CARES ABOUT ME?"

Atomic bombs darken our skies... radioactive fallout threatens unborn generations... there is strife, unrest, even war in many parts of the world! How can we face the future with confidence when humanity stands at the very brink of destruction?

There is only one way to be courageous and steadfast, and trust in the wisdom and mercy of God.

This little girl, my own daughter, does not know what troubles my heart. She is so afraid of tomorrow... she yells "Through the Church she will learn the way of the Lord and how to live a truly Christian life. Through prayer may God help me as an example for my daughter, and as a guide for my life. My very life into His hands, no matter what the future might have in store for us!"

Kwik Chek Stores Feature Florida Grown Vegetables

Manager W. O. Prescott of Kwik Chek, right and Produce Manager Bob Clark hold celery hearts and a regular stalk of Gladys Celery, with tomatoes and other Florida vegetables on the display counter of the Belle Glade store.

Under proclamation of Gov. Haydon Burns, "Florida Products Week" is now under way to emphasize the fact that over 5,000,000 Floridians are enjoying more nutritious and varied meals at a lower cost relative to wages than ever before.

For the fifth straight year, the event is marked by home-grown meats, produce and staples in abundant display at the 250 Winn-Dixie and Kwik Chek supermarkets in Florida. Growers and processors also are being honored.

In his proclamation designating May 3-8 as "Florida Products Week," Gov. Burns said: "Florida citrus production leads the world, producing 70 percent of the world's grapefruit, 20 percent of the world's oranges, more than 80 percent of the world's orange concentrate, and 80 percent of the

world's total processed citrus products.

"Florida also is first in the winter production of snap beans, tomatoes, cabbage, sweet corn, cucumbers, egg plant, green peppers, radishes, watermelons, and second in celery produced for the fresh market."

"Florida dairymen averaged a higher milk production per cow than the producers of the other thirteen southern states. 'Our many other agricultural industries produced quality agricultural products for shipment throughout all corners of America and to foreign countries.'

"Therefore, I urge all persons, firms and businesses to pay tribute to our Florida agriculture which has helped to give

us the highest standard of living in the world."

Other Southern Governors have issued similar proclamations, and the week is being observed by more than 850 Winn-Dixie supermarkets in 10 states.

Citing the part Winn-Dixie played in the Southland's economy, Mr. A. D. Davis, president, announced that his company paid \$70,661,985 in salaries last year. Other figures were occupancy costs, \$14,096,973; local taxes, (excluding Social Security) \$2,657,482; advertising expenses \$7,632,500, and utilities expense \$6,427,841.

The vast scope of the company's operation is shown in the figures on the food handled in one year. A total of 1,620,000,000 pounds of groceries and 1,238,000,000 pounds of perishables were sold in 1964.

RAMPAGE NEWS Tips For Teens

If your hair-do droops right after you set it, why not give it extra bounce and rest by setting it dry, then take a nice hot bath. The steam will help keep the curl in your hair.

Since summer is here and spring has sprung, many days on the beach are ahead. Protect your hair from harmful drying sun, wind, and water with colorful beach hat or scarf. Also wet cotton pads on closed eyes both protect the eyes from the sun's rays and keeps the delicate eyelid from getting sunburned.

When you do stay out in the sun too long, use cream or the gel from an aloe plant will help take the sting out of the burn and prevent peeling.

Bench jackets are the latest rage, and one new fad is to buy a solid-colored, pull-over, sweat shirt and cut it down the center, then sew all kinds of doodads on it, such as bottle tops, plastic flowers, felt cut-outs, or school emblems and insignias.

Future Farmers Win Three Contests In Competition At Vero Beach

Ag. teacher James Goza announced Belle Glade FFA boys will participate in a Parliamentary Procedure Contest Friday, May 14, in Gladesville. The boys were first place winners in the four-school competition for this category in Vero Beach when they competed with Okeechobee, Pahokee and Ft. Pierce.

Winning the Parliamentary Procedure Contest were Steve Butler, Mike Wilson, Mike Mansfield, Don Campbell, Larry Campbell and Ronald Shirley.

Gail Sullivan, winner within his own chapter, won fourth place in the Trial or Driving Contest at Vero, and Jimmy Jackson won third place for this chapter in the Public Speaking Contest.

At Belle Glade High School the Future Farmers have recently completed landscaping the garden area which surrounds the patio between the cafeteria and main building. The attractive setting has been a joint project between the FFA boys and last year's Senior Class and will be dedicated to Richard Hodges when completed. Dwarf Royal Palm, Palmetto, Queensland Umbrella tree, Boxwood Beauty, Arec Palm, Capensis Tobus, Date Palm, Snow Queen Hibiscus and Variegated Euphorbia have been planted around the paved area which is graced with eleven decorated concrete tables complete with benches. Under the direction of Mrs. Earwood, The ceramic art will cover the entire inner-wall of the patio to the north and south for added beauty.

May 31, is the date set for the Annual FFA Father and Son Banquet to be held in the cafeteria at Belle Glade High School.

FFA CONTEST WINNERS — Steve Butler, Don Campbell, Ronald Shirley, Larry Campbell, Mike Mansfield brought home first place in the Parliamentary Procedure Contest held in Vero Beach.

JIMMY JACKSON was third place winner for Belle Glade FFA Chapter in the Public Speaking Contest.

GAIL SULLIVAN placed fourth in the FFA Tractor Driving Contest.

The 16-voice Haitian Radio Choir and Male Quartet, from Station 4VEH, Cap Haitien, Haiti, will present a unique musical program entitled "Music in Mahogany" at St. John's Baptist Church on May 6, 1965 at 7:30 p. m.

The young people, ages 16 to 24, trained and directed by Missionary Valerie Hayes from Jefferson, Oregon are natives from the jungle areas of Haiti. Responding to the interest and careful training of their talented director, these uneducated young people, from an island with an average income of \$65 annually, perform unbelievable musical feats. Their program will include songs and staging of three aspects of Haiti culture — her music, her people, and her Saviour. With a repertoire of English, Creole, and French songs, accompanying Haitian instruments, the songsters have become well known throughout the West Indies and to the 50-country listening audience of Radio 4VEH, a Christian station owned and operated by The Oriental Missionary Society, a world-wide faith mission with headquarters in Los Angeles, California.

The appearance at Belle Glade one of a two-and-a-half month concert series being sponsored by Men For Missions International is an organization of business and professional men who promote the endeavors of The Oriental Missionary Society. The tour will cover many states in the Northeast and Midwest for the purpose of advancing Christian missionary enterprise on the island of Haiti, where witchcraft and voodoo worship prevail.

Rams Set Records At Track Meet

Belle Glade can well be proud of the boys who entered the Group 8, Class A District Track Meet at Lockhart Stadium in Ft. Lauderdale, last Friday," stated Coach Davis. "I am very proud of them and we are looking forward, with great expectations, to the State meet in Gainesville," he continued.

George McDonald brought home honors for Belle Glade High, setting a new school record by winning the 440 YARD DASH, with a time limit of 51.1 seconds. Also winning first place and setting a new school record, was Steve Hallbrook, Tommy Woods, Ronnie Ratliff and George McDonald.

It is a bit better. We have a good band — one of our best — but competition is tough."

Leaving today at noon from the 14th School by buses, the group is scheduled to arrive at Biscayne Terrace Hotel at 2:30 where they will be assigned to their rooms.

Friday, May 7, is State Contest events for B classification schools and revelle will be called at 8:00. The students will gather for breakfast in uniform at 8:45.

At 7:30 they will load into buses which will take them to Miami Edison High School where concert for Belle Glade's classification and sight reading competition will be held beginning at 9:00. There they will hear concerts presented by North Fort Myers and Palmetto Bards.

Soloist contests will be held Friday afternoon, starting at 1:00 o'clock. Competing from Belle Glade will be Darlene Dupere, Janet Holard, Jane Wierwago, Linda Rockwell, Pat Lane, Eleanor Collier and Jo Vickers.

Friday night the group will attend a movie in Miami Beach. Saturday morning they will go to Crandon Park for a beach party, leaving at 1:00 to return to Belle Glade.

old, in the MILE RELAY, with a time limit of 3 minutes and 35.6 seconds, in the MILE RUN Jackie Poole placed 2nd in what was almost a tie, with a time limit of 4 minutes and 47 seconds, breaking his previous record by 16 seconds. Jackie is a sophomore.

John Ratliff, Bill Miller, John Henderson and Jackie Poole, placed 4th in the SPRINT MEDLEY RELAY, and set a new school record of 2 minutes 9.4 seconds in the 880 RELAY. Ronnie Ratliff, John Henderson, Bill Miller, and Tommy Woods placed fourth. Eddie Jimmerson placed 4th in the POLE VAULT. George McDonald also set a new school record by placing 5th in the BROAD JUMP, scaling 20 feet and 4 1/2 inches. 100 YARD DASH, Tommy Woods placed 5th; 180 YARD YARD LOW HURDLE, Steve Hallbrook placed 5th; 880 YARD RUN, Mike Wilson placed 5th; and in the HIGH JUMP, Bob Davis tied for 5th place.

Pellon Morris, Belle Glade High Principal is group leader for these track meets and is instrumental in setting them up. There were a total of 12 schools in this group, with final results listed below:

LaSalle-1st Place — 42 Points
Shuart-2nd Place — 39 Points
Nova-3rd Place — 35 Points
Belle Glade-4th Place — 33 1/2 Points

Coach Davis stated that in order to qualify for the state meet, a student had to place 3rd or better in the District Meet. Five Belle Glade High School students met these qualifications. They are: George McDonald for the 440 YARD DASH and MILE RELAY; Steve Hallbrook, Tommy Woods, Ronnie Ratliff and Jackie Poole, MILE RELAY.

"It is quite an outstanding accomplishment for a freshman to qualify for the State Track Meet, and we are very proud of Ronnie Ratliff, for accomplishing this feat. He is to be congratulated, because this is very unusual," Coach Davis further stated.

"Expect Some Wins But Competition Will Be Tough"

The City of Belle Glade will be represented in Miami this weekend by nearly 100 ambassadors when Director Fred Stevens' Belle Glade High School Band arrives for State Contest, accompanied by chaperones and parents.

"There are seven competition divisions this year," Stevens said. "Classifications are determined by the state of high school, and we certainly hope to do as well as we can in each division, from A to C Class."

Friday night the group will attend a movie in Miami Beach. Saturday morning they will go to Crandon Park for a beach party, leaving at 1:00 to return to Belle Glade.

Cadet Troop 264 Goes Exploring In Ev. Nat'l Park

Girl Scouts of Cadet Troop No. 264 were on a camping trip from April 24-26. They went to Flamingo at the southern tip of Florida to camp.

The girls went on nature trails of catwalks throughout the park and saw a movie of wildlife at the Flamingo Auditorium. On the tour they saw alligators, birds, fish trees, snakes, and turtles.

The first two days it rained almost straight, but nearly everyone got a little sun the last day. We also went hiking, fishing, swimming and wading knee deep.

Girls making the trip were Janet Ayres, Diane Brown, Della Davis, Georgia Davis, Janis Klidder, Duane Gayle and Cici Luce. Kathleen Murphy, Patricia Murray, Donna Rashley, Jennie Lynn Snow, Rita Schoenfeld, Sandy Sprinkle, Mary Tryon, Nancy Wolf and Judith Faye Wootton. Leaders accompanying the group were Mrs. C. W. Kidder and Mrs. M. J. Luce and Mrs. F. C. Schoenfeld.

We had lots of fun!

CALLING ALL HOME MAKERS WHY YOU SHOULD DEAL WITH US

By Joe Alderman

With all of the fine furniture stores in the area, why should you deal with us? For one thing, we never lose sight of the fact that it is you, our customer, who keeps us in business and we therefore, try a little harder to please you, knowing that a satisfied customer is better than a full page ad in the newspaper.

We want you to deal with us because we sincerely appreciate your patronage and we recognize the great importance of customer loyalty.

Realizing that customer good will must be earned, we know that it is simply a matter of good business to give you that "extra" service and attention which will make you want to deal with us.

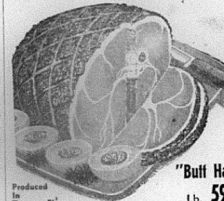

Of course, there is also the matter of competitive prices, well made and well styled furniture and courteous and helpful service which are all important factors in our plan to make you want to deal with us.

Please pay us a visit. We know you will like doing business with us. We have the complete line of Barwick and Magee carpets, wallpaper for every room, and beautiful murals to make even the smallest room seem larger. We want to add beauty and life to your home. So, whatever your problem, be it large or small, be sure to stop at Gladys Mercantile, the "one-stop" home furnishing center. (Copyright Adv.)

Diebolds of Double D Own Prize-Winning Dairy Cow

Mr. and Mrs. A. Richard Diebold, principal owners of the Double D Ranch and subsidiary agricultural ventures in the Glades, are owners and operators of a pure-bred Holstein Dairy in Roxbury, Connecticut. "Tops Queen Georgia" a Holstein has brought four national milking records to "Toplands": (1) Junior three-year-old (2) Senior Four-year-old; (3) young cow in nation and only cow less than five years of age, to exceed 35,000 pounds of milk on two times milking; (4) one of five cows of any age to make 35,000 lbs. on 2 milkings, and one of 25 cows of any age, at time, to make 35,000 pounds any milking frequency.

The Dam and Sire of Queen Georgia have records of high production, with established places in historical niches of dairying in America.

More Students—More School Buses

Though next year's desegregation program will mean a more economic use of the County School Board's fleet of 147 buses, the Superintendent and board members were informed that next year's needs indicate that 12 new buses may have to be bought.

Eight of the proposed new buses would be to replace buses which have been operating in excess of 10 years, it was explained. The remaining four new buses would be additions, and bring the size of the fleet up to 151.

The four additional buses will take care of the projected annual school population increase. Each year, the number of children attending Palm Beach County's public schools increase between 3,000 and 4,000.

The matter will be placed on a subsequent school board meeting agenda.

Glenda Kaye Crews Given Merit Award From Dairy Council

Glenda Kaye Crews, who belongs to a variety of organizations ranging from Scouts to Student Council, yet finds time to work part-time, has received a merit award from the Dairy Council of South Florida.

The daughter of Mr. and Mrs. Dixon Crews, 229 W. Main St., Pahokee, is a junior in Pahokee High School. She has been baseball scorekeeper for three years at her school, class treasurer, member of Pep Club, Newspaper Club, of which she was literary editor, and a cheerleader for three years. She has been Sunday School class treasurer, and works part-time for Bank of Pahokee.

The Dairy Council has a continuing program to honor meritorious young people in Palm Beach County. Nominations can be sent to Sip Taylor, 5 Coconut Row, Palm Beach.

Ethridge Attends Miami Convention

Mr. Ray Ethridge of Tallahassee, Fla., a student of Florida State University attended the National Convention of Alpha Delta Sigma, a national advertising fraternity, held at Miami Beach, Florida.

Mr. Ray M. Ethridge is majoring in Advertising and was afforded the opportunity of hearing some of the nation's leading practitioners of this profession and attending business sessions of the convention. Some free time was afforded for the enjoyment of the region's natural beauty and recreational facilities.

The number of highway deaths in 1964 soared to 48,000. In addition, according to a survey by The Travelers Insurance Companies, 3,840,000 persons were injured.

Bushels Of Good Apples

One rotten apple can spoil a whole bushel . . . but not if the good apples are removed from the basket. Then only a taint can remain on a few of the apples.

Belle Glade's youth have taken action to show they are not tainted apples. One group, who sign their letter as The RESPONSIBLE Students, have written the city Mayor requesting that they might be given a chance to help in the community's problem to overcome the shadow cast on our youth by irresponsible actions of a few in our midst.

Another group — the Interact Club — have already begun holding car washes to earn funds to help provide needed entertainment facilities for Belle Glade's young people.

These young people are to be commended, listened to and given a chance to prove themselves and be encouraged in their efforts. They want to pay for police protection to assure law and order among their group.

Belle Glade definitely has lagged in providing clean, wholesome and super-

vised entertainment for the teenagers, despite the efforts of many awakened citizens.

Parental influence is reflected in the desires of these young people to help themselves . . . evidence that they have been taught to work as well as play is reflected.

Not long ago a young lad was observed running a tractor to spread fill in a local church yard . . . his first attempt to use a spreader. It was a heart-warming sight to be on the sidelines and watch the enthusiasm of the 13-year-old as he directed his efforts and told the lad "Yes, you can do it . . . you're doing fine . . . go ahead!"

It's most unlikely this young fellow — and the many who have had like training — will ever be among the "delinquents" of Belle Glade. It is most evident many of our youth have had similar training.

Let's make sure these future leaders of our community are not thwarted in their desire to prove themselves. We must direct, encourage, and give praise where praise is due.

Removing Mystery From Capitalism

A generation or so ago if it had been forecast that by the year 1965 more than 17 million people would own shares in American corporations few would have believed it. And the forecast that more than a million more people would join the ranks of shareholders in 1965 alone would have been received with equal skepticism.

For, in former days, stocks and the securities industry at large were subjects of mystery, even of suspicion, to most of us. Wall Street was a place where men of large means bought and sold shares. There was no room in it for the average citizen.

The change has been revolutionary. According to a New York Stock Exchange study, the median income of shareholding families is \$9,600. About half are in the \$5,000-\$10,000 bracket. In number, housewives lead the

list. Shareownership has become the province of the many, not the few.

This trend has been given an accurate and fortuitous name — people's capitalism. And it is a vitally important bulwark to the free enterprise system. The family which owns stock has a direct personal interest in keeping that system alive and strong. It is a family which will turn deaf ears to the blandishments of those who would cripple and even destroy it. And it is a family which has an understanding of the fundamental fact that economic freedom is an essential corollary of all the freedoms.

It is confidently expected that shareownership will grow to much greater dimensions as the years wear on. America will be the stronger, in all ways, because of this.

We All Could Learn . . .

We all yearn for the liking and approval of others. But we must earn it. How? Here are ten little rules: 1. Be interested in others and show it; 2. Be a good listener, make the other fellow feel important; 3. Avoid arguments; 4. Respect others' opinions even though they differ from your own; 5. Praise others, refrain from criticism; 6. Encourage others in their undertakings; 7. Try to help others and to make them happy; 8. Don't try to make others over; 9. Appeal to others' finer motives; 10. Don't fuss with others about trifles. These ten little capsules of wisdom WORK! Try them, and find out for yourselves.

The Good With The Bad

There's nothing more beautiful than a rainbow, but it takes both rain and sunshine to make a rainbow. If life is to be rounded and many-colored, like a rainbow, both joy and sorrow must come to it. Those who have never known anything but prosperity and pleasure, become hard and shallow, but those whose prosperity has been mingled with adversity, become kind and gracious.

10% Of Fishermen Catch 80% Of Fish

Know Fishing Holes

Florida appears to be heading for a record year of fresh water fishing if early spring and current fishing success is any indication of things to come. This seems to be the year for big bass and plentiful panfish with fishermen taking full advantage of the situation, reports Bill Woods, Chief, Fish Management Division, Game and Fresh Water Fish Commission.

Cree census conducted by Florida's wildlife officers and fishery biologist indicate that more folks are fishing and more fishermen are reporting limit strings than ever before. Bass in the eight to ten pound class seem to be the standard for the day rather than an exception.

Ten percent of the fishermen catch eighty percent of the fish. Woods said, "The average fisherman would catch far more fish if he would concentrate on one lake or river instead of skipping around. You've got to know where fish are in order to catch them. To know when they are you must know your fishing waters. Almost without exception the fisherman who has the best catch is the one that is most familiar with the area. While luck is an important factor in fishing, knowledge and skill are just as important."

LET'S REPRESENT ALL THE PEOPLE!

RESTORE STATE AUTHORITY

The problems of a rural farming area are hardly the same social interests — a fact so obvious that it seems inescapable. Yet it was ignored by the Supreme Court when it held that seats in both houses of state legislatures must be apportioned solely on a population basis.

The problems of a rural farming area are hardly the same as those of the big city. Does the lumberman, the miner, the fisherman fall into the same category, or can all of us be lumped together with the city subway riders and apartment dwellers? The ever-changing problems can never be solved through the questionable assumption that sparsely settled parts of a state have less at stake than densely populated areas. If state legislatures are compelled to be constituted on a "population only" basis, this could result in gross discrimination against lesser populated districts.

In a truly representative government one house — if so decided by its citizens — should represent all the elements of a state and should not be forced into drawing its membership chiefly from the densely populated areas.

Therefore, we believe that strong support should be given to the proposal before Congress to restore to the states their traditional authority to apportion their legislatures on a basis reflecting geographic as well as population factors.

If we are to maintain our republican form of government in its truest application, the "population only" theory must be cast aside.

There is a mystery solved, a cat

civilized and a boy built up.

Pioneer Celery Grower A. J. Sullivan Buried In Home Town - Virginia, Minn.

A. J. (Sully) Sullivan, age 75 years, Wednesday was buried Tuesday May 4th in his family burial plot, Greenwood Cemetery, Virginia, Minn.

Sully, a forty-year resident of the Glades continued with his first love as a Glades farmer with celery. His initiation into the mystic of celery culture in the Gladeslands was as assistant to Dr. Vanner, the Brown Farm Agriculturist in the Twenties.

The vicissitudes of years of drought excess of water, swarms of devastating insects and disturbing diseases developed a keen sense of gratitude for those scientists who have made celery growing a more scientific observance of specialized procedure.

Mr. Sullivan's success found him a few years ago with some 2,500 acres of Gladeslands, and among the largest celery producers.

He was among the organizers of the Belle Glade Farmers Cooperative which combined with Pioneer Growers Co-op. During the years of his association with Pioneer, Mr. Sullivan served several terms as a Director, and was active in Florida Cooperative organizations.

Mr. Sullivan is survived by World War I and a member of the Belle Glade Lodge No. 1716, Elks.

Local funeral services consisted of the Rosary at 8:00 P. M. Thursday at the Mission Chapel and at 10:30 A. M. Friday at the St. Philip Benedict Catholic Church, of which he was a member.

Funeral services were E. A. McCabe, Walter Schlechter, Woodrow Bush, Otis Hayes, Donald Krehman, and Horace Uvink.

Delegates Attending Assembly Of Jehovah's Witness At Riviera Beach.

A three-day religious assembly of Jehovah's Witnesses, was held this weekend in the Riviera Beach High School. Highlight of the meeting of Circuit Number Eight Assembly, was a talk given by Mr. Joseph Saia, Witness Supervisor for the Southeastern States, who said "the moral breakdown is earth-wide and affects all nations." Miles P. Crum, presiding minister of the Belle Glade congregation and several delegates attended the meeting.

Mr. Crum stated that Mr. Saia, in his speech, quoted columnist Walter Lippman, who recently wrote "It has become the fashion to expect cheating and to excuse a certain amount of it. The popular standards of morality today allow for much more dishonesty than they did some time back."

"The delegates learned much during their three days of religious instructions and Christian fellowship, and much of this will be discussed at our local meetings," Mr. Crum stated. He also said that "Jehovah's Witnesses have conducted over 741,000 personal, free, weekly home Bible studies last year, in 194 lands."

"Enthusiasm is nothing more or less than business itch."

Negro Delegation Jehovah Witnesses Attend Convention

John Lawson, presiding minister of the local delegation of Jehovah's Witnesses stated this week that "The three-day Circuit convention of Jehovah's Witnesses we attended in Miami this weekend will enable us to make a substantial moral contribution to our community." He stated that the subject of the principal address, "The Moral Breakdown — What Can Be Done About It?" stirred city-wide interest.

Charles G. Thompson, a district supervisor of the Watchtower Society was the featured speaker. The former West Virginia High School principal told his audience of 1,343 that the breakdown in morals is an earth-wide problem. "The pressures toward immoral conduct permeate every area of human behavior on all levels of society," he said. "We need to know how to protect ourselves," he continued.

According to Lawson, the interest of the audience heightened when the speaker suggested two things that could be done about the moral breakdown. They were: Acquisition of knowledge from the Bible on how to maintain moral integrity and removal of the entire unrighteous system with its broken-down morals. Lawson stated that 23 persons demonstrated their willingness to apply Bible principles on morals by being baptized in water in symbol of their dedication to do God's will.

Tomorrow's Leaders

Sometimes I wonder about the leaders of America. What will they be like? Will they be leaders who will have interests in themselves and others? Will they be leaders who will improve the world in which they live? Will they be leaders who will work hard to get the best?

You can look around at the youth of today and make a good prediction of the leaders of tomorrow because the youth of today are really the leaders of tomorrow. Yes, they will be leaders of tomorrow. The leaders of today aren't going to last forever. They will either die, retire, or lose in interest in the public affairs of others and themselves.

Since you may become a leader of tomorrow, you should work hard today and prepare yourselves for the challenges of tomorrow because tomorrow's world will be a world of competition and challenge for every one. You should use your time wisely.

Now is the time to stand up and be counted as good citizens of your country.

If today's youth have good moral and spiritual values the

Student Of Week

This week, we are proud to announce that Miss Iris Walker is "Student of the Week." This charming young lady was born December 11, 1947 to Mr. and Mrs. S. B. Walker. She is a native of Belle Glade.

Her hobby is reading, and listening to popular music. Her hobby may be the reason for her chosen career to be a librarian.

Miss Walker is a member of the D. C. T. Club. She has won two trophies for the D. C. T. oratorical contest. On February 26, 1965 she won second prize at a state meeting. Iris' favorite subject is history; this contest also counted for her hobby selection.

Iris plans to continue her education at Pratt Whitney Institute in Brooklyn, New York. She is a member of the D. C. T. members and sponsor, wish her good luck tomorrow's world will be a good world in which to live.

Some of you may say, "What does a reputation have to do with leadership?" Believe me, your reputation plays an important part in getting and keeping a job; also in fulfilling a position.

In working toward becoming a good leader of tomorrow, scrutinize your abilities and your characteristics from every point of view.

A surprise is in store for you, but it is not free. You have to work for it and pay the cost. Don't wait too long before you attempt to work for your surprise because it doesn't last forever. Hurry and get it. Time is drawing him.

"Very good," said the man. "And what did you get the red medal for?"

The boy replied: "For stopping."

Special

Recognition:

On April 26, 1965, Lake Shore High honored the seniors of English. Personally the day was a trying one, but much better than I had expected. Although there were problems encountered during the day, I have to give special recognition to the several graders, because, without these problems, the day would not have been real.

To all the seventh graders—the names are too many to mention—I would like to commend you for displaying your fine qualities. Since there are so many seventh graders, I chose to mention only the most outstanding students of all sections of the seventh grade that I taught. To 7-10, 7-8, 7-7, and 7-6. I would like to say, "Continue to do your best." However, the students who were most outstanding for that day in my English classes were Charles Stone and Willie Clark.

Also outstanding for that day in my English classes were the most outstanding students in all the English classes. In this, I would like to give them special recognition and stress the need for them to continue to be better.

Tips To The Female

LADIES:

We are known only by the way we act. When our actions are made known to others, then are our character, personality and individual quality determined. If you want to really be recognized, more so unfavorable and cross in the public street.

The most important rules of behavior in the street are those against things that are conspicuous.

All people in the streets, or any public place, should be careful not to talk too loudly. They should avoid calling people names, or making personal remarks about others.

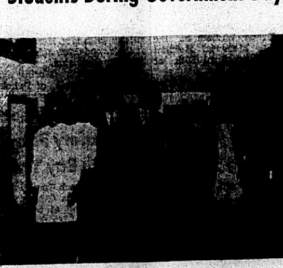

Avoid staring at people, knocking into them, talking across anyone, don't attract attention to yourself.

Never expose your private affairs, feelings or innermost thoughts in public.

Chewing gum, smoking, and eating (especially in city streets) are highly noticeable. Although you may not realize it, a young lady well dressed, appearing to be intelligent can attract a lot from her appearance if she's smoking, eating or chewing.

Ladies are beautiful; beauty is to be seen—not heard.

Mr. McClain — Chester Kearse (Counselor)

Mrs. Gray — Mary Ann Foulkes (Dean of Girls)
Miss Ward — Betty Marshall (Librarian)

Miss Lazier — Gloria Poole (Librarian)

To coincide this day, an assembly program was given to make all student assistants known to the school.

Just For The Record

ADVANTAGES OF RESEARCH

George Hubbell

So you're to prepare a research paper? What is research? Some think of it as an almost occultly clever activity which produces the marvels of science, industry, and business. Such glorified cleverness, these people feel sure, must be far beyond the powers of an undergraduate.

Other observers, all written in an abominable style with a flare of superficial statistics, and perhaps a few doubtful, trivial conclusions. Each of these opinions gives a true picture of some research. But between the two extremes there is also a modest but valuable kind of research that any student can do with great profit.

Some important value may be gained by mastering the method of research. (1) Almost all vocations employ some sort of research, for skill in which knowledge of the basic method is prerequisite. Agriculture, journalism, salesmanship, insurance, even housekeeping, bookkeeping, golf and contract bridge, may involve research. (2) The learned professions, and most high scholarship, for better or for worse, have made a fetish of research. In such work, one is fairly lost without success in research. (3) Most important of all, the real reality of the best way to study, the best way to think, lies in other words, highly educational.

Dear Granny,

I'm stumped, or shall I say very fat. My mother bought me several types of foundations to make my shape appear neat. They don't do any good. I still look sloppy.

What can I do to have a nice shape, other than going on a diet because I love Dietless.

Dear Dietless,

In order for you to have a neat shape, the best thing is to go on a diet. If you can't go on a diet yourself, see your doctor.

Spring Training

Yes, it's here again—football. Football practice has begun once more.

The purpose of these spring practice sessions is to get ready for next year, and to refreshen the veterans who will be returning for next season.

The spring training period began April 26 and it will last for a month.

Veterans who will probably be seeing a lot of action will be: Halburks — James Jones, Joe Sheely, Ronald Cook, Daniel Parrish, Curtis McWhitie, and Johnny Bailey. Full back — James Freeman. Ends — Charles Daniels, Alfred Ryals, Charles Walker and John B. Brown. Linebackers — Johnny Slater, Thomas McGrady, Johnny Brown, Robert McClendon and Andrew Jackson. Last but not least, Johnny Lujack and Charles Haynes.

This practice season are being held by Head Coach and Athletic Director, Mr. Willie James Irvin. Coach Irvin is being assisted by Coach Alphonsus Lee and Coach David Denison.

Student Government Day was successful in every way. Some students' teachers left students with thoughts they will never forget. Like!

1. Cleo Sears said "The best way to run track is to lie down, jump up and run."

2. Elizabeth Stewart told her English classes, "This here book ain't right."

3. Laurita Mack said, "HBO is the formula for grass."

4. Buster Lowe told his students that 949 equals 18.

5. Joe Faulk said "In order to draw a straight line, you have to draw a circle first."

6. Celester Hollingsworth told her students "A good batter always bats a ground ball."

7. Annette Williams said, "The best way to do your exercise is to sit down and gossip for 15 minutes."

8. Nathaniel Holloway said, "Let the students go home for lunch if they don't want to go."

9. Mary Foulkes said "Dress as though the knees look nice."

10. Lamar Mullins said "P means very loud."

11. Mary O'Neal said "P below the staff is the highest note for soprano."

12. Bertha Thomas proved that pecking at the typewriter is better than original typing.

Senior Superlatives

Being most versatile, one may be called "Jack of all Trades" or best all around. This week the Senior class has chosen Elizabeth Stewart and Lamar Mullins as being the most versatile seniors.

Elizabeth Stewart, better known as Liz, was born November 29, 1947 in Sylvania, Georgia.

She is a member of the N. H. class, a member of the Yearbook staff, Associate Editor of the School Page, and Junior Red Cross Representative for the senior class. Her favorite hobbies are reading, listening to popular music, sewing and writing letters. The colors that she likes best are red and white.

English and History are her favorite subjects in which she does exceptionally well. "You should know that," is a saying she uses quite frequently.

She plans to attend Palm Beach Junior College for two years where she will begin her major in Elementary Education. Then she plans to complete her education at the University of North Carolina in Chapel Hill. Her goal is to become an elementary teacher.

Lamar Mullins, was born May 20, 1948, on a small farm outside the city limits of Brundridge, Alabama. He is a member of the Lake Shore High School Band, member of the chorus, National Honor society, member of the Dramatics Club, Jr. Red Cross, and former member of the football and basketball teams.

After graduation, he plans to attend college and major in Physical Education. If, by some chance, he gets a lucky break, he hopes to play with "Big Timers" in Professional Football.

His ambition is to become a Physical Education coach. Mary Foulkes

Very dear to you
Granda

Dear Granny,

Do you really know who granny is? I feel as though you may be infatuated with granny's writing.

You really do have a problem. See me in Lab. No. 2 after school.

Granny

Dear Granny,

Would you give me some advice on what to do to be more punctual? I'm never to school or anywhere on time.

Dilatory

Dear Dilatory,

An alarm clock might help to solve the problem of lateness for school.

If your problem comes from the problem of getting dressed you should do the following:

(a) Prepare your clothes at you should do the following:

(b) Make sure your books, pocketbook and other items to be used are prepared and in place for the next day.

In short, prepare as much as possible for the next day.

Granny

Dear Dietless,

In order for you to have a neat shape, the best thing is to go on a diet. If you can't go on a diet yourself, see your doctor.

Wake Up America - Watch Communism!

By Gustavo De Los Reyes

From his own brutal experience as a political prisoner, a Cuban escapee asks: How much longer can the free world ignore this infamy? (Read "Impounded by Castro" in May 1965 issue of The Reader's Digest).

Cuba was a happy little island not so little after all — for it is twice the size of Holland and about the size of the State of Pennsylvania. Throughout history we had known periods of democracy and sad periods of tyranny. In 1957 a dictator ruled our island, and naturally we wanted to get rid of him because our people loved liberty above all. Suddenly a bearded fanatic appeared in one of our forests, telling everyone over his clandestine radio that he was going to install democracy again in our land and return to all citizens their cherished political rights.

We immediately asked "Uncle Sam" for advice, as we had all had always been wise and had never before in our lives. We were told that we could trust Fidel Castro — that it was true that some traitorous Americans were crying out loud that Castro was a communist in disguise seeking a military and political base for Russia inside the frontiers of America — but who were the Cubans to believe — these reactionary Americans or the most reliable representatives of American society: our press, our universities, our State Department?

We decided to trust Castro. He was a devoted Christian, they told us: a true democrat, a sort of God-sent apparition to show not only Cuba, but the whole world, the path to justice, peace, and prosperity. All shipments of arms to the regular army of Cuba were canceled, and Castro's army was given the green light. Russia could not believe her own fortune. Deceit had worked where force would only have suffered a tremendous defeat.

Pro-Russian liberals everywhere began telling the people that Cuba needed not only a political withdrawal of Batista and his gang, but a profound social revolution that would suppress all the social evils of our society. At this point we started to look with suspicion upon a whole business. What social justice was there in a country such as Cuba where an employee could not be fired with out a court decision? Where there was a 44 hour a week work schedule, a month paid vacation every year, salaries that increased according to the productivity of industry independently of the supply of labor, old age retirement pension, free medical treatment for workers, low cost of living, and a distribution of

highest rank in Castro's army. Orders were to be transmitted from there at a given moment to all the military units and civilian groups that were prepared to rise up in arms that night. About 9 o'clock I reached the house and saw some fully-armed soldiers on the porch. It was only by sense of duty that kept me from running away, for I had the sensation that something had gone wrong. I knocked at the door. The door opened, and there was Major Carreras standing in front of me with a sly smile on his face, pointing a submachine gun at my head. Carreras was a member of our group who got cold feet and betrayed us to Fidel Castro. A year later he was sentenced to die by Castro, for he knew that Carreras was a man to be trusted by no one. The ironies of fate: Carreras, then so sure of himself, is now gone forever, and I am still here to tell the story.

It is difficult to understand what life is in a communist country because it is difficult to realize the meaning of liberty if you have never lost it. A sense of helplessness assails you day and night, for communists do not recognize as valid the fundamental rights of man. When those rights are taken away from the people, you can be dragged away from your home any time and be kept in prison indefinitely without even a benefit of a trial. Nothing belongs to you, for everything belongs to the State; and your slightest actions and words are constantly spied upon. But it would not be difficult to imagine what it would be to fall into the clutches of men professing a philosophy that denies the existence of God, that considers charity a sign of weakness, and human compassion a mortal sin.

After fourteen days of constant torture and interrogation, we were taken to the Cabaña fortress, high upon a hill opposite the Bay of Havana. When the English attacked Havana in the 18th century, they placed their batteries upon that hill and from there they destroyed the thick walls of Morro Castle, forcing its garrison to surrender. A few years later Havana was returned to Spain in exchange for Florida, and the King of Spain resolved to build on that hill the strongest fortress of his time in order to protect the Spanish main from

British expansion. An impressive construction was built of masts, counterforts, and walls three yards wide connected by subterranean passages. These are not an official function to punish a crime, but a public festival — an occasion to plant the seed of terror in the hearts of honest men and the seed of hate in the hearts of the wicked. Names were called, and I had the privilege of seeing brave men who were about to die, consoling the men who were still given the opportunity to keep on living. The only explanation for their strange mode of behavior was their absolute faith in God, their patriotism, and the justice of their cause.

The Belle Glade Elementary Art Show, held once a year, is really the one big event enjoyed by all. This year between 1,000 and 1,200 parents, children and interested people came to view the many pictures on display. Every child in the school had an exhibit of art displayed. There are 750 in the school, so one can understand the amount of work and effort presented by both the students and the teachers.

It is also a time of close cooperation between the school faculty and teachers to make the art show a big success and the most outstanding occasion of the whole year.

The pictures were judged on originality, the message or story told, large figures, space covered, choice of colors and clear combined detailing.

In addition to the first prize winners in the Grades 1-2-3 and the prize winners in grades 4-5-6, as shown in the eight picture there was Handwork Display, by Mrs. Spooner's 4th grade. This included mosaics, shell display, chenille pipe cleaners, types of houses and flag.

Those students participating were Wanda Dean, Len Gilbert, Arlene Lloyd, Sammie Hart, Julio Rodriguez, Lenny Tarafa, Jorge Bastanuri, Pedro Mendiguren, James Richardson, & Mark Snyder. Jean Wolf won a blue ribbon on crafts, grade 6.

1ST PRIZE WINNERS — Grade 4-5-6 — 1ST ROW — Jeff Weekly Jorge Varona, Michael Sheehan, Lynn Brown, Downey Davis, Dawn Fogelman, 2ND ROW — Jeff Cobb, Rocky Miller, Donald Bryan, Juan Del Gado, Vickie Grindstaff, Lucy Garcia.

Gove Elementary News

Gove Elementary School news is collected weekly under the direction of Mrs. Bamford by School Reporters, Joe Wright, Pam Arnette and Craig Cooper.

GRADE 1

Mrs. Smith's Room

Mrs. Smith's room is studying about birds. They are learning to tell birds apart, how many eggs they lay, and what color the eggs are.

Mrs. Van Landingham's Room: David Norwood has twin girls at his house. We are also studying birds.

Mrs. Lovell's Room:

Mrs. Lovell's room is also studying about birds. We are also studying the seasons of the year in science. We are beginning to take home books that we can read to our parents. Debbie brought a snail to share.

GRADE 2

Mrs. Campbell's Room

During the past six weeks our class has studied about Indians. We learned about their customs and contributions to our country.

We studied the different cloud formations and about weather. These are a few of the things we learned besides our usual reading, writing, and arithmetic.

Miss Kirckman's Room

Our class has done some beautiful string paintings which are on the bulletin board in our room. We have a library book worn on our bulletin board, as each second grader reads his library book his name is put on a section of the worm.

We learned that the sun stands still and the earth moves around it, and the moon moves around the earth. We learned too that gravity holds us to the ground. If one stepped out of a rocket into space he would float because he would weigh nothing.

Mrs. Lloyd's Room

Our room is learning about the sun. We saw a film strip which taught us many new ideas. We played sun, moon and earth showing how they move and turn in space. We have drawn night and day pictures, written some stories and a poem.

—By School Reporters

We have been studying about the sun. The sun is a star. It is a big ball of hot glowing gases. It is very much larger than earth. It looks small because it is so far away. The Earth moves around the sun. The Earth turns all the time. When one side is away it is night.

When the day star shines The sky seems to smile. I want to skip and sing and dance.

I like to go barefoot.

I like to ride my bike. I feel happy and gay To play in the sun makes me feel lazy.

GRADE 3

Mrs. Mann's Room

Our class went to Tallman Sugar Mill. Roland and his father were so nice to invite us and we saw everything from washing the cane to the raw sugar. In some places it was hot and in some places, well, it did not smell so good, but we had fun and we learned a good bit. That was neat the way they dumped the cane into the washer.

If you have never seen much sugar you should see the storage room. It would take 10 elephants to eat it all up. By Barbara Lindrose.

Our room has been studying about Indians and how they

kept their food. Lee brought a microscope and we looked at a moldy bread.

Roland brought an old timey phone but the line is broken and it squeaks when you dial it.

We are going to write a poem. Our English Book shows us how.

We made a real pretty egg-shell picture and put it on the bulletin board.

—By Shellie Burke

Mrs. Eason's Room

Our room is making a health booklet. We had to make it for our health project. We could write about: Keeping Clean, Playing Outdoors, Foods That Keep Me Well, or Dressing for the Weather. We are to cut out pictures and explain each picture underneath. We are to write a paragraph to introduce our booklet to put in the front. We are also making covers for them.

—By Patty Baker

One Friday afternoon, our class went to Tallman Sugar Mill. When we were there we saw many machines working. We went to the Jamaican labor camp, too. We saw a lot of cane cutters and much cane, too. We saw a lot of sugar babes.

When we got back we were late for lunch. Some mothers stayed and ate with us. We enjoyed our trip to the sugar mill, too, and learned many things, too.

—By Mike Conway

GRADE 4

Tuesday afternoon Mrs. Joe Freedlund gave a talk to both fourth grades and showed pictures. She told us about Japan.

Mrs. Brannon, our teacher, arranged for her to come to our school. We met in the cafeteria. One of the most exciting pictures showed Hiroshima where the United States dropped the atomic bomb. It showed new buildings and how it looks now.

We saw men in costumes that made them look like women. They were actors. We saw a picture of statues that looked like they were made of solid gold. Each statue had 30 hands. We saw a picture of Mrs. Freedlund and her bus driver and the lady who opened the door and waited on them.

She showed us a real pair of chop sticks and how they were used. We saw a rice bowl. We saw the three monkeys made of ivory and they were saying "See no Evil," "Hear no Evil," and "Speak no Evil." We liked the pearls Mrs. Freedlund showed us in a necklace, also a pearl in an oyster. A picture showed 18 year old Japanese girls who dove deep to collect them.

—By John Lloyd Greer, Terry Woods, Gil Brooker

Mr. Cardon's Room

We have three new pupils, Vanessa Barnes who was born in Honolulu, but came here from Tennessee; Eva Cox from Blackshear, Georgia, and Paula Burkett who moved here from Arkansas. Hank Wilson has moved to Pahokee.

GRADE 5

Mrs. Ouellette's Room

In Social Studies the class was studying about the "Civil War." In connection with this, Pam Arnette brought a map, a booklet, and some authentic newspaper articles of events which she acquired at Gettysburg about the war and when and where it took place. Also Craig Cooper had a display showing the action on the bat-

tlefield of the Civil War.

In Reading, the class was studying about transportation. Joe Wright, David Rogers, and Craig Cooper made a display about "Transportation Through the Ages."

Diane Hickman, Patti Roberts and Pam Arnette made a display of "Horses of the World." In math class we are studying geometry.

In science the class has been studying all about electricity. There has been some successful experiments done.

Diane Richmond was out of school for two weeks because

she has her appendix taken out.

—By Brenda Betts

Mrs. Grigby's Room

Our class is studying "How We Get Electricity" and how we use and control it, which consists of the study of electrons magnets and how chemicals can push electrons.

The class is making a display of the experiment material and bulletin board for the write-up and captions.

GRADE 6

Mr. Caputo's Room

Our class has been divided into four committees, we each are going to do a play or movie

show. Two committees have done their play. One was about Shindig but it was called Shing-bum. The people who did this were Donna Connell, Donnie Hill, Gerald Pittman, Stephen Pate, Roger Cunningham, Billy Norris and Cucky Holt. In science we are making electric eels, and everybody is making one.

BISHOP CARROLL
Queremos felicitar a Monsenior Coleman F. Carroll, nuestro Obispo, pues ha recibido el nombramiento del HOMBRE MAS SOBRESALIENTE DEL AÑO en la Dade County durante el almuerzo que tuvo lugar la semana pasada en el Everglades Hotel de Miami.
Monsenior Carroll, de 60 años de edad, nativo de Pittsburgh, es hijo de padres irlandeses. En los seis años que lleva como primer Obispo de la Diócesis de Miami, has resultado el conciliador de mas influencia en el area. Inició la enseñanza de la doctrina Cristiana a Protestantes y Hebreos; ha acrecentado las razas blancas y negras; al frubrador y el patron; al frubrador...

QUE DESCANSEN EN PAZ
La Sra. Maria Felicia Carreno Vda. de Perez Stahle murió en La Sabana la semana pasada. Su hermano Pablo Carreno, y su esposa Maria Camps, residentes de Belle Glade, lo han sentido mucho.
A la familia Carreno y a la familia de Perez Stahle, les hacemos llegar nuestro mas sentido pesame.
La Sra. Pilarcita Ponce Vda. de Valiente falleció recientemente. Era la madre de Sylvia y de Frankie Valiente, y de Alicia Valiente, y fue persona siempre muy querida y estimada en nuestra Sociedad Habanera. Todos sienten mucho su fallecimiento.

Columna Latina
En Belle Glade en el Hospital, murió el Sr. Enrique Torres de Cardenas, de amable y bondadoso carácter, muy servicial y apreciado aquí en Belle Glade. Tanto a su viuda Sra. Angelina Torres, a sus hijos Lolo y Jose Castro, y a sus cuñados Margot y Jorge Bastanuri, les hacemos llegar nuestro condoleo. La ceremonia quedara preciosa.
El Sacramento de la Confirmación será administrado por nuestro Obispo Monsenior Coleman Carroll, en la Parroquia St. Philip Benizi el Domingo 23 de Mayo a las 4 de la tarde. Soliciten sus nombres y aquellos muchachos del octavo grado en adelante son dignos para la confirmación.
En Cuba murió el Sr. Rogelio Gonzalez, en Artemisa, padre de Marta y Jose Rafael Gonzalez, quien se encuentra administrando el Bldo Ranch. Nuestro mas sentido pesame tanto a ellos, como a sus nietas Marta e Isabelita Gonzalez, que son alumnas de Belle Glade.
El Sábado 8 de Mayo se celebrara una misa en la Iglesia St. Peter & Paul, de Miami, en memoria de la Sra. Carmela Nieto de Herrera, que falleció en la ciudad de la Habana el día 23 de Abril 1963. Los oficios religiosos comenzaran a las diez de la mañana.
Su hijo el Sr. Antonio Herrera Nieto, en su nombre y el de los demas familiares invita a tan piadoso acto.
La senora Nieto, periodista del Diario EL MUNDO, de la Habana, fue la que inicio la observancia en Cuba, del DIA DE LAS MADRES.

NOTICIAS DE BELLE GLADE
Los esposos Nilda y Juan Nunez Ariza estuvieron invitados a una comida en la linda residencia de Gina y Gustavo Mario Godinez, del North-East. El Sr. Juan Nunez Ariza fue dueño del Hotel Sevilla en Artemisa, y Representante a la Camara.
La Sra. del Real vido desde Puerto Rico a visitar a sus hijos Olga y Juan Real que residen en Cleveland. También paso por Belle Glade visitando a sus amistades, y estuvo en Fort Lauderdale con su hijo Roberto Real y Sra. y sus nietos.
En el mes de Mayo regresara a Puerto Rico donde vive con su otro hijo Guillermo Real y familia.
El Domingo 2 de Mayo, Mario y Mariana Garcia reunieron en su residencia del South-east a un grupo de sus amistades en un simpático barbecue-party. Fueron a su casa Mella y Antonio Moran de Pahokee, Lilliana y Enrique D'Abrique, Teresita y Ramon Gomez, Luis y Jorge Cano y Humberto Matas de Belle Glade. Pasaron un domingo en compañía muy agradable.

Columna Latina
El Sr. Jorge Silva salio de Belle Glade el 31 de Abril, para reunirse en Washington con su esposa Sylvia Pedron. De allí a seguir rumbo a Ohio, para asistir al matrimonio de su hijo Mario, que se celebró el Sabado 10, de Mayo.
Lucy y Calisto Garcia Inicie, con sus hijos Uchy y Rosa Elena, se mudaron el Domingo 2 de Mayo, para su nueva residencia en la calle Tercera del North-east. Bendito sea el nuevo hogar.
De Miami vinieron la semana pasada a Belle Glade, los Sres David Barrios, Roger Maldonado, Nilda Nazzari, y la Srta. Nery Magadan, quienes visitaron la familia de Raquel y Arcadio Camman. La Srta. Magadan les obsequio con una Bendición Papal de su reciente viaje a Roma.
El Sr. Pepe Fernandez, de Belle Glade, se operó el lunes 3 de Mayo, en el Hospital Universitario de Boston. Todos amigos aquí en Belle Glade están pendientes, esperando su pronta recuperación.

En los Estados Unidos, la fecha 1 de Mayo es LAW DAY (Día de la Ley), y las grandes corporaciones recuerdan la frase de Abraham Lincoln ese día: "Dejen que la reverencia por la ley sea respirada por toda madre americana; que se dedique a balbucear sobre sus rodillas; que se ensene en los colegios, en los seminarios, y en las universidades; que sea escrita en las cartillas, en los libros de texto, y en los almanaques; que se predique desde el púlpito, sea proclamada en las cámaras legislativas, se erigiesen monumentos, que se convierta la religión política de la nación, y que el viejo y el alegre, de todos los sexos, lenguajes, color y razas, se unan al coro: ABRAHAM LINCOLN."

USDA amends meat Inspection Rules

Federal Meat Inspection Regulations have been amended by the U. S. Department of Agriculture to increase consumer protection by requiring continuing labeling on containers of certain chemicals used within meat packing plants.
USDA's Consumer and Marketing Service said the amendments improve the meat inspectors' ability to control the use of chemicals that have long been accepted for use in hot scalding water, in cooling and retort waters, and in preparing brine.
The amendments, which become effective May 22, require that containers used for chemicals must bear labels identifying their contents at all times while they are within USDA-inspected plant.
The Consumer and Marketing Service says the action gives consumers added assurance that only permitted substances are used in preparing meat and meat products.
